

VRBA

Virtual Reality
Gin & Tonic Bar

Portfolio of games and experiences

The world of virtual reality is pushing its boundaries every single day. We're excited to present it in a fun way to a wide audience.

Virtual tours, nature, cities, museums.

Game duration: from 4 minutes to unlimited

We've included many fantastic sceneries and travel experiences in our portfolio.

The bottom of the ocean trench or Mount Everest?

The night sky over Manhattan or a walk through Italy?

Explore the dreams of Dalí or the post-impressionist world of Vincent van Gogh.

Virtual visits to real or virtual places and galleries can be as long as you want, **but beware, you might not want to leave!**

Fun and easy

Game duration: from 90 seconds

Can you prepare lunch in a restaurant or fix a car in front of your boss? In the Job Simulator, you can showcase your skills or entertain your team!

Games suitable for the youngest, but equally popular for team-building. Some require movement, others creativity, but all have simple controls and dynamic fun.

VRBA

Virtual Reality
Gin & Tonic Bar

Action, combat, horror, multiplayer

Game duration: 1 round up to 7 minutes

Space and strategic action titles, archery games, arena battles, zombie apocalypse, funny and dark actions, shooters playable online, and kid-friendly titles.

Realistic action will captivate every player. The selection is wide, we will prepare a topic, many of the titles will also attract ladies :-). We also have multiplayer games where you can meet friends in virtual reality.

- ✓ Levels to explore
- ✓ Singleplayer, Multiplayer
- ✓ Customized difficulty

Unconventional experiences, simulations, adrenaline

Game duration: 3 - 6 minutes

Roller coaster ride, horror-filled dark apartment, or a jump from the 80th floor of a skyscraper. Experience the thrill of flying.

The craziest virtual reality actions involve adrenaline-filled simulations. Parametric games based on top-notch depth, height, speed, or sound allow you to experience things impossible in reality. Here you can overcome your fears of heights, darkness, or speed. Will you dare?

Tip: Support each other

Help colleagues, friends, or partners face the most thrilling experiences in virtual reality. Animators will show you how.

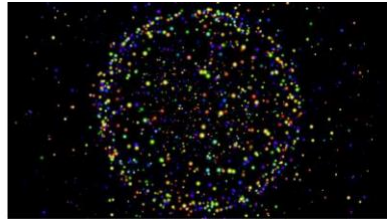

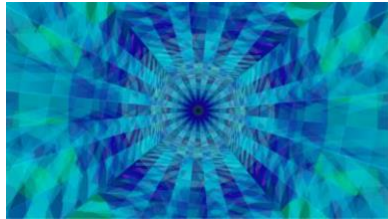

Music, movement games

Game duration: 1 song

Every great party includes VR games like Audioshield and Beat Saber!

These are some of the world's best-selling games, where players choose their favorite song and, in rhythm, deflect or slice objects flying towards them. Thanks to our in-house audio system, everyone within the play area will hear and see everything without disturbing those outside. This way, you can create the perfect party with your own games and personalized playlist.

Tip: We've also added relaxing music games designed for solo players.

Unwind while visualizing the tones of your favorite songs.

Art, Aesthetics, Creativity

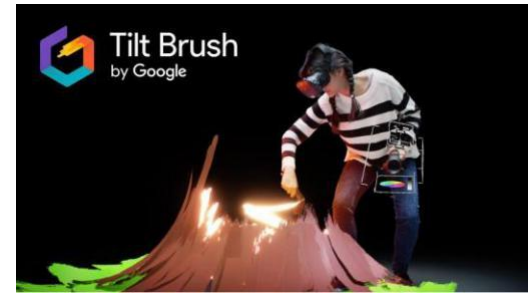

Game duration: Unlimited

If you love immersing yourself in fantasy and abstraction or enjoy painting and creating, you should definitely try one of our creative 3D experiences. These are high-quality titles packed with refined features.

- **Kingspray Graffiti VR** – An incredibly detailed game for street art enthusiasts.
- **Tilt Brush VR** – A visually and functionally polished 3D painting experience.
- **Mindshow VR:** A game where you direct and film your own movie.
- **Cosmic Sugar VR:** A game where you direct and film your own movie.
- And many more—just ask!

✓ Save your creations.

Sports & Simulations

Game duration: 10 minutes

Many of our sports simulators are a real workout. Combine fun with fitness in virtual reality.

Try American football, hockey (goalie), table tennis, soccer (goalie), tennis, downhill skiing, ski jumping, boxing (including multiplayer), and more.

Something Special?

We make dreams come true instantly in virtual reality!

Explore outer space, educational games, VR chats, unique experiences, simulations, and much more. If you have a special idea, just ask—we'll see what we can make possible.

We can even customize certain games and incorporate your own content. Don't hesitate to reach out!

Virtual and Augmented Reality for Business

Our production studio specializes in:

- Applications in virtual and augmented reality (VR/AR)
- 360° and VR video production
- Technology workshops
- Marketing and sales support
- Innovative product presentations

Our products primarily serve marketing, education, corporate development, and modern solutions.

We design and develop applications for companies across various industries (architecture, banking, design, marketing, HR). If you need advice or have a vision, please feel free to contact our manager directly.
